

A Case Study
Gravel Driveway 2

Project Details

EcoGrid used to reinforce a gravelled domestic driveway

Client Details

Adrian

Contractor Details

Local landscaper

This client came to us for an install to be carried out by his local landscape construction company. His contractor purchased from us at his normal trade rates and the delivery was safely received two days later on site. He was kind enough to send us this note:

May 2014

Hi Al,

I just thought I would send an email to say thank you for your advice and such a great product.

It was so easy to install and looks great and is so solid underfoot. I have enclosed a before and after picture as I cannot believe how good they are.

Thanks,

Adrian
